You are ordering RegioGraph, digital maps or GfK market data for Europe as part of a subscription. New versions of the ordered products will be sent automatically in the coming years, without separate billing. On average, you will typically receive a maximum of one update per year. The discounted update price already applies to the first delivery. The annual invoice is calculated based on the update price of 50% of the full retail price that applies at that time at GfK GeoMarketing. The subscription has a minimum duration of 36 months. After this, the subscription automatically renews for an additional year, unless 3 months' notice is given prior to the end of the contract period.

All prices are for single-user, in-house licenses. The general terms and conditions and licensing regulations of GfK GeoMarketing apply. These are detailed at www.gfk-geomarketing.com/licenses. All prices exclude VAT and shipping. For delivery in Germany, VAT will be added. For delivery in the EU, please quote your VAT number. Valid as of July 2009.
